PROFESSIONAL SUMMARY

B.Sc. IT student and aspiring MERN Stack Developer with a strong foundation in JavaScript, HTML and CSS. Experienced in building responsive web interfaces and contributing to practical web-development projects. Familiar with React.js, Node.js, Express.js, MongoDB and REST APIs, with hands-on exposure through personal and team projects. Seeking a MERN Stack Developer internship to strengthen my development skills while contributing to real-world applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js (working knowledge), Responsive Web Design, Tailwind CSS

Backend: Node.js, Express.js (working knowledge)

Database: MongoDB, Mongoose basics

Web Development: REST APIs, CRUD operations, JSON

Tools: Git, GitHub, VS Code

PROJECTS

ClientDesk — Team Project

- Contributing as part of a team building a MERN-based web application for agencies/freelancers, including an inventory management system for local retailers.
- Worked on responsive inventory interfaces (products, brands, variations), billing and sales-summary features, reseller functionality and receipt/printing screens using React and JavaScript.
- Collaborated using Git/GitHub with feature branches as part of a team development workflow.

EcoLens — College Community Engagement Project

- Built an environmental awareness web app on air and water quality, using React.js, Tailwind CSS and public APIs to present AQI and water-quality data through simple visualizations.
- Added an interactive water-quality explorer, awareness content, and a knowledge quiz to make the topic more engaging.

Task Management App

- Developed a task manager using HTML, CSS and JavaScript, allowing users to create, manage and delete tasks with data persistence through browser LocalStorage.

Portfolio Website

- Designed and built a personal, responsive portfolio website from scratch using HTML, CSS and JavaScript.

Additional Projects

- [Spotify Clone](#) — Responsive music-player UI built with HTML, CSS and JavaScript.
- [Snake Game](#) — Classic browser-based Snake game built with HTML, CSS and JavaScript.

EDUCATION

B.Sc. Information Technology — B.N.N. College, Mumbai University

2024 - 2027

HSC (Science Stream) — SAM

2022 - 2024
